

5. Doug Kirkpatrick's Signs

Here are a couple of many posters I created for the Virginia & Western Railroad. When I have an op session, I see if operators can find theirs. Mitchell Coal
(right): Dave is a retired FBI special agent. I used the slogan "For Better Ignition" FBI.

In the photo (left): Captain Mims: Bill Mins is a retired commercial airline pilot so I have him giving lessons. Note the telephone number used many years ago. Diego's Restaurant: Diego is the manager of a Buffalo Wild Wings Restaurant but serves Italian Cuisine on my railroad.

With today's computer software you can create just about any type poster.
