

3. Pete LaGuardia's Yard & Roundhouse

My HO scale *New York Central Western Illinois Division (WID)*, is set in 1953, operates from Kansas City, Omaha, and Des Moines on the west, through Moberly (Missouri) and Hannibal (Missouri), to Danville (Illinois) and Indianapolis on the east. Modeled activities include a large yard and engine facility with an 18-stall roundhouse with programmable indexing servicing both steam and diesel. Industries include a meatpacking plant, paper mill, city scenery and a harbor with car float. *Pete LaGuardia, MMR*
