The Potomac Division may also accept donations of model railroading equipment that is in good, operable condition, with the understanding that the items will be used, donated or sold, with the proceeds going to support our activities as the Division deems proper. A Division member that is assigned to your area will contact you to make arrangements on accepting the donated items.

Receipts for donations will be sent via email, on request, upon receipt of the donation. Donations of material items or supplies will note a description of the donation and date of donation. It will be up to the donor to determine the fair value that they will be reporting to claim the contribution on their tax return, if they desire. Monetary donations will note the specific amount and date of donation.

Thank You! for supporting the Potomac Division NMRA.
