

## 6. Fritz Dahlin's Three Flatcars

N&W 32708 is a Tangent kit with a shortened wheelbase to more closely match the prototype. Car was painted, decaled and weathered with acrylic craft paint.

CNW 780748 and SOU 151040 are heavily modified Front Range kits for a Southern Railway prototype. Both cars had wire grabs and cut levers added, were lowered and weighted. Cars were painted, decaled and weathered with acrylic craft paint.
